

Faculty: Mr. Nishant Gole

"Evaluating practical batches and checking internal papers used to take entire weekends. NextSolves PWS transformed that into a zero-paper system where marks calculate automatically with zero data entry errors. I finally get my days back to focus on teaching!"

IT Faculty :Shweta Kapadia

"Setting up practical question papers and manually generating internal exams used to take hours. PWS streamlined both end-to-end. Batch setups take a couple of clicks and launch exams in minutes."

CS Head of Department (HOD) : Mis. Abha Dhote

"Before, students used to try to perform malpractice during practical and internal exams. PWS integrates directly with Safe Exam Browser to completely lock down student devices. We get streamlined workflows and instant results without risking exam integrity."

IT Head of Department (HOD) - Mr.Rawool Vijay Anil

"Traditionally, adding up all the marks from practical and internal exams used to take our team weeks of boring manual work. With PWS, everything is done online. Now I can check how students are doing instantly on a live dashboard, which saves our teachers many hours."

IT Co-ordinator : Mr. Pratharv Surve

"Earlier, running exams used to mean handling huge stacks of paper and messy attendance sheets. PWS completely fixed that problem. Since the system grades automatically, our teachers aren't exhausted from checking papers anymore, and our whole department gets things done much faster."

CS Co-ordinator & College Administrator : Rajesh Rajgor

"Colleges spend a lot of money printing question and answer sheets for practical and internal exams, which can get misplaced after a period of time. NextSolves PWS makes everything completely paperless. The final results are saved safely online in seconds, which can be accessed anytime when required, and also saves us a huge amount of money and time."

CS - Faculty: Mr.Ajit Sharma

"Running lab exams used to be a mess with taking attendance by hand and managing big piles of paper. Now, setting up a lab batch just takes a few minutes. I can see students log in right on my screen, which turns our most stressful exam days into an easy routine."

Principal : Dr. G.D.Giri

"This is a great software created by Jagruti Morvekar and Om Murkar, students of our college. We have used it in our college for a year and are currently using it. It is absolutely helpful and reduces a lot of the time and cost required for the traditional practical and internal exams at our college. Implementing NextSolves PWS transitioned our practical and internal exams into a zero-paper assessment workflow. Student exam records are fully secure in digital storage, exam malpractice is eliminated, and administrative overhead is drastically reduced. It is an essential investment for modernizing higher education."
